Kuan Yin is one of the most called-upon goddesses on Earth. Her mantra, *Om Mani Padme Hum*, calls forth the opening of the heart chakra, allowing divine wisdom, peace and love to flow through us into the world. She brings messages of peace and healing to the Soul, speaking to us through synchronicities, inner knowing and our dreams and meditations. When we connect with Kuan Yin, we are connecting with the Divine Feminine. Within us unfolds higher feminine consciousness, whether man or woman, we become increasingly able to channel the Divine Mother and her gifts of Grace, Healing, Gentleness and Compassion.

May these meditations bring you deep into connection with the Divine Lotus Mother, her gentleness, fierce love and compassion, her endless devotion to your enlightenment and peace. Om Mani Padme Hum.

*Namaste beloved,
Alana Fairchild*

1. KUAN YIN'S MIRROR (21.07)

Journey into the love that is Kuan Yin and perceive truths and higher guidance with the assistance of her Black Obsidian Glass Mirror.

Kuan Yin's pure vibration helps us shift out of our habitual way of thinking and feeling, lifting us into a higher state where we are capable of increasingly pure perception. This perception helps us move out of struggle and resistance into solution, healing and relief!

This meditation is recommended for those times when you require a shift in perspective, are open to learning a deeper truth or when you have a specific issue to resolve and you are open to the brilliance of divine assistance to help you.

2. OCEAN OF LOVE (21.04)

A deep soul healing meditation that reconnects us with the higher self and our higher self with the Source, the Ocean of Love.

As the River merges with the Ocean, it becomes capable of a vastness of experience and love that can be truly blissful, expansive and uplifting. The soul is replenished, strengthened, and can surrender any burden it no longer wishes to carry as it returns home to Source. This experience fulfils a deep yearning for bliss and peace that lies within us, sometimes unheard and often unmet within our own consciousness. We need the expanded connection of the Divine to take us to this sacred state.

Kuan Yin's loving guidance and presence facilitates this healing experience for the Soul.

This meditation is recommended for those times when you simply need to dip into the richness of spiritual love to nourish your spirit, to replenish your soul and to sate that yearning for divine oneness within your heart.

3. LOTUS INTERLUDE (16.05)

The music featured in these meditations came to me over seven years ago. I didn't think of myself as a musician and I certainly didn't know what to do with it, but I faithfully wrote it down on blank sheets of music manuscript and waited.

Years later Kuan Yin continued to weave her magic and I was offered the opportunity to create a Kuan Yin Oracle deck with Blue Angel publishing. Some weeks after this, I was walking about in Chatswood, New South Wales when I heard some beautiful Chinese music being busked outside the mall. I felt Kuan Yin stirring in my heart, requesting her own meditation music and CD. Toni Carmine Salerno from Blue Angel loved the idea too and this project was born.

You can listen to this interlude during healing or meditation, allowing the light within the sound to reach past your mind, into your energy field for divine healing. The mantras and names of the divine are sounded, including Avalokiteshwara, a sacred name for the bodhisattva of compassion, which is another name for beloved Kuan Yin. The music is tuned at 444hz to allow for more harmony in the energy field whilst listening. May it bring you into the Heart of the Divine Lotus Mother.

I love the meditations! More please!

Many of us share special soul connections which we only realise when we are at a certain level of awakening or vibration. It is like walking along the same street every day and then one day you suddenly notice the most beautiful garden in front of one of the houses. Was that always there? Yes. You just awakened enough to have the grace to experience its beauty.

So it is with the Soul. Life is precious and magical and marvelous and filled with miracles. As our vibration raises and our Soul presence builds, we become capable of living this for ourselves. It is quite wonderful!

Many of us have known each other before – and most likely that includes you and I. One way we can tell is if you just feel a connection or rapport with my Soul through these meditations.

When your Soul urges you to move more deeply into spiritual connection with me, there is much creative joy we can share. Up-to-date information about how we can connect is online at www.alanafairchild.com and you can email me directly at alana@alanafairchild.com

Me and You and the Divine

In my world I don't just listen to people speak, I hear them from the depths of their soul, I see their auras, I hear what they are saying behind their words, I feel their truths and I am blessed with an ability to feel and connect with their Soul for healing.

At this time, the divine is calling many Old Souls to connect and grow into even greater levels of consciousness and spiritual potency to guide humanity through the darkness of fear, anxiety, separation and despair into a world of inner connection, peace and Self realisation.

You are an important part of this awakening. Your work with these meditations is a practical way to become a channel for healing. This is a gift to more than yourself. We all benefit, so thank you!

Community is important as we grow spiritually. It offers us support, a place from which those we are meant to assist spiritually can find us, and our energies can grow deeper into unity and spiritual strength together. If you would you like to connect with me or are interested in finding out more about a beautiful spiritual community, come and visit www.alanafairchild.com where a whole world of love and light awaits you dear one.

I see your beauty. Namaste.

"Alana's meditation CDs are sophisticated and truly take your soul to another dimension. The music is just breathtaking. These meditations really work and often immediately!"
