

CARD 3:

# A Blessing of the Butterfly Queen

---

THE FAERY GIFT OF GRACEFUL CHANGE AND  
TRANSFIGURATION

**TO YOU** is granted the faery gift of transformation and change. Your life is re-becoming, and all obstacles will be broken through, until you take flight into the life you have recreated so courageously. The faeries are gifting you with all you need to move through a time of great expansion, change, growth, and tumult with integrity, grace, and tenacity. Your time to be reborn is approaching, and the Butterfly Queen will be with you as you transform and reshape your life. As you change, even as you struggle at times, you will inspire, and grow, and rework your life in magickal ways. The ancient caretakers of the planet are the fae, and their presence will be with you as you transform. You have beauty, and your presence will be bright and joyful, bringing so much to others, but most of all, bringing a deep contentment and fulfilment to yourself. Focus on all you wish to see grow and become “more” at this time - and know, with great and firm conviction, that you are blessed, and beloved, and precious, human child.

CARD 4:

# A Blessing of Rapture

---

THE FAERY GIFT OF THE SWEETEST, MOST INTENSE JOY  
AND GRATITUDE

**THE GIFT** of rapture is yours. It is the gift from the fae of a moment that makes you draw your breath in and pause, wondering at the beauty and the ecstasy of existence. This moment of pure, unadulterated wonder will open wide your heart and bring a deep joy to your world. It will fill you with the certainty that to be alive is to be blessed, that to feel this deeply is a gift, that to be able to share the wonder of existence and natural raptures is an inspiration to all who encounter you.

It is as if your eyes now can see more clearly, your heart has opened a little wider, your whole being is leaning in to the experience of life and is committed to the wonder in everything. You feel more connected, more joyful, more patient, and yet more active than before. You feel a part of a great story, and you know now how glorious life can be. This energy will flow into you, through you, and into the world, becoming a part of your contribution to the planet – and the faeries are glad that you have finally touched the ecstasy of life and know of the beauty of life. Even when this moment passes, you will be left with the knowledge of the wonder, and so life will be ever-changed, in magickal ways.

CARD 5:

# A Blessing of Honesty

---

**THE FAERY GIFT OF TRUTHFULNESS AND THE INABILITY  
FOR OTHERS TO BE FALSE WHEN WITH YOU**

**THE FAERY** gift of honesty is now yours. Your ability to see clearly what is true and what is not, to hear the words that are truthful, to speak the truth in ways that will be heard, to live from the heart with integrity and openness is with you now. The faery are not the duplicitous creatures of myth and legend – they can be nothing other than themselves, and at this time and with this gift you settle effortlessly into the truth of your own being. There is no need for you to be anything other than who you are: for who you are is so earthy and real that others begin to feel how safe it is to be themselves, too. There is a simplicity and a connectedness, and you will shine out amongst all those who have cloaked themselves in artifice. There will be no self-deception and no lack of clarity. You are who you are, and that, human friend, is a blessing to the whole planet. People will be open and honest with you, and all will be clear and true.
